

VI. Planning Cycle: 2003 - 2007

The current Plan, *Working Together to PRESERVE MONTANA*, will apply to and be implemented over the next five years, 2003 – 2007. For each year in this cycle, its goals and objectives will form the basis for defining and prioritizing the activities of the State Historic Preservation Office and other organizations choosing to participate in its vision.

Copies of the Plan will be distributed to those involved in the planning process and it will be advertised and be made available to others upon request during its five-year duration. The Plan will also be posted on the Montana Historic Preservation Office website under www.montanahistoricalsociety.org. Pending adequate funding, a 4-6 page brochure - illustrated with photographs, charts and graphs – will also be developed in 2003 (or as soon as possible thereafter) to draw attention to the Plan, its adopted goals and objectives, and how these are being implemented in SHPO programs. This public-friendly format is intended for wide distribution and to facilitate greater awareness of, use, and response to Montana's State Plan for historic preservation.

Feedback on this Plan will be documented and discussed. In consultation with the National Park Service, adjustments may be made as needed over the cycle of the Plan. Comments on the Plan will also initiate the process for revising or replacing the Plan in 2008.
